

REMARKS

On March 7, 2005, the Examiner mailed a Notice of Allowance indicating that Claims 1, 4, 6-9, 11-13 and 21-37 were allowed. In accordance with 37 C.F.R. § 1.312, Applicant hereby requests cancellation of Claim 8 from which no other claims depend. Applicant also requests that Claim 13 be amended to have a proper antecedent basis where the word "located" is changed to "locating".

Applicant further notes that the Notice of Allowance and corresponding Examiner's Amendment did not recite the correct title of the invention, "METHOD FOR HANDLING SYRINGE BODIES", as amended in the amendment and response filed January 18, 2005. Applicant respectfully requests correction of the title so that the patent issues with this title. Attached hereto as Appendix A is a copy of the pertinent portions of the amendment and response filed January 18, 2005 evidencing the requested title change.

It is not believed that any fees are due with this Request For Amendment Under 37 C.F.R. § 1.312. However, please charge any required fees to Deposit Account No. 50-1419.

Respectfully submitted,
